

STUDENT PARKING

The Alpine School District will provide parking for students under certain provisions as outlined. These provisions apply to all motorized vehicles, including motorcycles and scooters. It is the intent of the administration of the Alpine School District that the bringing of cars to school will in no way interfere with the normal operation of the school. With a passage of Utah Code Section 53-6-20, amended by Senate Bill No. 37 1975, Orem High School will receive the assistance of the Orem City Police Department in enforcing all rules and regulations in and around the parking lot. Parking at Orem High is a privilege, not a right. Orem High administration or designated security personnel can search vehicles on its property at any time in the interest of school safety. Parking at Orem High is a privilege earned through excellent attendance. Parking is not a right.

1. All automobiles **MUST** be registered with the school and display a current parking permit. Registration forms and parking permits are available at the attendance office.
2. Any marked parking stall in the north parking lot may be used, except those marked for handicapped individuals.
3. The south parking lot is reserved for faculty parking. Student parking on the south side of the building is not permitted and will be ticketed.
4. Students may park on the streets surrounding streets if in adherence to the posted signs, markings and traffic laws.
5. Fees are charged for parking permits. One permit must be issued for every car the student drives with a limit of three per family. If parking privileges are lost during the year, fees will not be refunded.
6. Student cars parked in any reserved space will be ticketed, booted or towed at the student's expense.
7. Cars parked without appropriate permits will be ticketed, booted or towed at the owner's expense.
8. Three (3) unpaid tickets may result in having the car booted and/or revocation of the student's parking privileges.
9. The speed limit in all parking areas is 5 miles per hour.
